- Implementing Forest safety measures.

2024 – Present

### **Caritas**

Tasks:

- Data collection and documentation
- Distribution of kits and supplies
- Community engagement
- Logistical support

## Experience Overview

I am a dedicated and adaptable professional with a strong foundation in customer service, team leadership, and field operations. Currently, as a Shift

Supervisor at Garrison (2022-Present), I manage customer interactions, oversee cash handling, ensure inventory is stocked, handle maintenance, and effectively resolve customer conflicts to support a positive and efficient environment.

In my role as an Online Workshop Instructor with Teenflakes, I led engaging workshops for youth, covering essential Wildlife Survival Skills and Emergency Preparedness. This role allowed me to impart practical knowledge for real-life scenarios, fostering resilience and confidence among participants.

My work with USAID, Renée Maawad Foundation, and German Cooperation enriched my experience in environmental conservation as a Forest Management Assistant. I actively contributed to wildfire prevention initiatives and implemented forest safety measures to support crucial ecological efforts.

Currently, with Caritas Lebanon, I engage in field-based roles that refine my community engagement and logistical skills. My responsibilities include data collection, documentation, and the distribution of kits and supplies to targeted communities, along with ensuring smooth logistical operations for relief items

## Key Skills

Motivation and ability to learn  
Objection handling and prevention

Fluency in English, Arabic, French, Syriac, Latin and Greek

## Technical Skills

Microsoft Office (Excel, Word , Power Point)

Media and Presentation Tools
